# Instructions

As to be honest – nothing special.

- 1) Open patch
- 2) Press spacebar = «INIT»
- 3) Press spacebar = «START»
- 4) All events will be in console.
- 5) Stops automatically, nothings need to do
- 6) You have two versions of the patch – quadro for concert and stereo for testing, that it works.
- 7) You have the panic button
